Gender segregation and social change : men and women in changing labour markets
[vol 12 no 1 march 1998 of work employment society on jstor](#)

Work, Employment and Society analyses all forms of work and their relation to wider social processes and structures, and to quality of life. It embraces the study of the labour process; industrial relations; changes in labour markets; and the gender and domestic divisions of labour.

[gender and the politics of the curriculum renaissancebookscure chrislands](#)

Pupils' decisions on what subjects to take are influenced by how they perceive themselves in gender terms, and the curriculum once chosen reinforces their sense of gender division. Sheila Riddell looks at the influences on pupils at this stage in their lives from peers, family and the labour market as well as from teachers.

[gender equality what causes gender gaps in the labour market international labour organization](#)

Gender gaps are one of the most pressing challenges facing the world of work today. Globally, women are substantially less likely than men to participate in the labour market, and once in the workforce, they are also less likely to find jobs than men. Indeed, their access to quality employment opportunities remains restricted.
